

Join our team as Housekeeper

About Jamie's Farm – Charity Overview:

Jamie's Farm runs therapeutic farm-based programmes for young people who are struggling to thrive at school or at home. Small groups take part in a 5-day residential or a series of day visits, becoming part of farm life and taking on meaningful, practical tasks within a supportive environment. This experience builds confidence, strengthens relationships and helps young people see themselves more positively. Our work continues beyond the visit through follow-up support with partner schools to help ensure the impact lasts.
